

jarray

```
graph BT; A[jarray_of_type< T >] --> B[jarray]
```

The diagram illustrates a relationship between two classes. At the bottom, a white box with a black border contains the text 'jarray_of_type< T >'. A blue arrow points vertically upwards from the center of this box to the bottom center of a gray box with a black border at the top. The gray box contains the text 'jarray'.

jarray_of_type< T >
